

Poster Presentation for 29th International Seminar on Interaction of Neutrons with Nuclei: Fundamental Interactions & Neutrons, Nuclear Structure, Ultracold Neutrons

Organized By  
FRANK LABORATORY OF NEUTRON PHYSICS,  
JINR, DUBNA STATE KEY LABORATORY OF  
INTENSE PULSED RADIATION SIMULATION AND  
EFFECT, NINT, CHINA SCHOOL OF NUCLEAR  
SCIENCE AND TECHNOLOGY, LANZHOU  
UNIVERSITY, CHINA

Mechanization For Reshaping of Ancient Archeological Design into Modern Structures for "Safe Restoration of Radio Active Nuclear Fuel" and Residue of Used Nuclear Fuel."

[www.kanuvim.co.in](http://www.kanuvim.co.in)

## SOLUTION

- ✓ Unexplored Ergonomics.
- ✓ Ancient 3000 Year Old Structure is Available where fossils of human is preserved.
- ✓ Developing the Same Structure a New Innovative Model can be developed for making "Zero-Leaking" Structure
- ✓ As Design is available so with research and development new Innovative Models can be designed. (Present at Patna Museum, Bihar, India)

## KEYWORDS

- Peaceful use of nuclear Energy.
- Unexplored Ergonomic Structure for Nuclear Sciences.
- Novel Gateway for Peaceful use of Nuclear energy for Serving Mankind.
- "Search Engine "Proof" Primary Data"

## REFERENCES

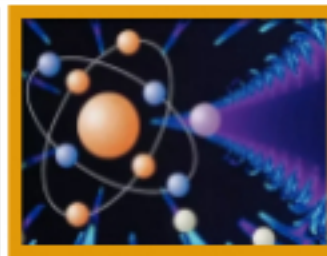

- (1) <https://youtu.be/0mgkLNxovmE>
- (2) <https://youtu.be/D60OJLoNtZI>

## INTRODUCTION

The presented research showcase presents an unexplored existing model of "Ancient Archeological" Construction Design which can be scientifically explored and redesigned for shaping the vessel and structures for "Safe Disposal" of Nuclear Waste with making "Absolute Zero Interaction of Exchange with Outer Atmosphere" the Nuclear Waste "Zero Leakage" from the Radioactive Material.

Ergonomic Design Preserving Original Fossil of Lord Buddha

Peaceful Uses of Nuclear Energy

Patna Museum, Bihar

## BENEFIT OF STUDY

The Lead time will be reduced for safe disposal of Nuclear Waste with starting of the shaping new Structure for Nuclear Waste Management.

## LIMITATION

Language and Semantic Barriers of various countries may create problem in understanding context.

## CONCLUSION

The presented Case Study is same like a raw Dimond in crude state and is to be polished by "Instruments of Research" for optimized Output. Presenting Ancient Indian Knowledge For Global Prosperity.
